

DYNAMIC HD

Experienced users have great sense of space for outdoors activities.

Dynamic HD is an upgraded model of progressives intended for very active persons, in constant movement. These lenses are suitable for all outdoor activities due to a very large field for distant vision.

Dynamic HD is developed to increase the visual zone for dynamic users and to reduce the concentration of unwanted astigmatism to a minimum. There are no high astigmatic disturbances in peripheral zones. The wearer is feeling secure and can estimate well the space when moving. The field for near vision is limited; therefore these progressives are not recommended for reading.

Dynamic HD are an optimal choice for driving, sports, all dynamic activities outdoors and indoors.

DRP
DISTANCE REFERENCE POINT
Reference point for far diopter measurement

FC
FITTING CROSS
Fitting cross position marks the pupil center position

NRP
NEAR REFERENCE POINT
Reference point for near diopter measurement

VISUAL PROFILE

Width of visual field for far vision	★★★★★
Width of visual field for intermediate vision	★★★★☆
Width of visual field for near vision	★★★☆☆

MHF'S

Minimum fitting height available in 16/18/20 mm

Our Progressive Dynamic HD design can be ordered with Individual parameters.

FITTING NOTE

Align the fitting cross at the pupil center. For an appropriate choice of diameter and minimum mounting height, the suitable centering charts should be used.

DYNAMIC HD

The Dynamic HD progressive design fits in many different models and frame styles.

SPECIAL REQUESTS

- Prism up to 5D
- Decentration
- PreCalc

RANGE & AVAILABILITY

Please refer to page 34 for complete range and availability.

ADVANTAGES

- ✓ Experienced users have great sense of space for outdoors activities.
- ✓ Easy-to-adapt.
- ✓ Wide distance zone.

COATING AVAILABLE

- UC** AuNaturel
- HC** GraniTe
- HMC** ClarityAR
- SHMC** ClarityPlus+
- BHMC** Blu-Coat
- UV** SunBlock
- TINT** TintIT
- MR** Reflective

AVAILABLE LENS INDEX/MATERIALS

- | | |
|----------------|---------------|
| 1.50 CR-39 | 1.74 Hi-Index |
